

Hardeep Singh

FullStackDeveloper | MERN | Next.js

+91-6280666620 | singh123hardeep546@gmail.com | linkedin.com/in/hardeep-singh | github.com/hardeep4567 | Mohali, Punjab

PROFILE SUMMARY

Highly motivated Full Stack Developer with 1 year of experience, skilled in JavaScript, Next.js, Node.js, Express.js, and MongoDB. Passionate about building scalable web applications, developing RESTful APIs, and creating seamless user experiences. Strong debugging and problem-solving skills with a focus on clean, efficient, and maintainable code. Quick learner committed to best coding practices, performance optimization, and contributing innovative ideas to dynamic development teams.

TECHNICAL SKILLS

Languages: JavaScript ES6+, TypeScript, Python, HTML5, CSS3
Frontend: React.js, Next.js, Redux Toolkit, Tailwind CSS, Bootstrap
Backend: Node.js, Express.js, Flask, Fastapi
Database: MongoDB, MySQL

WORK EXPERIENCE

MERN Stack Developers

Dec 2025 – Jun 2026

Fresco Webservices | Mohali, Punjab

- Developing and enhancing frontend for two live projects — aujabooks.com and gymsadvisors.com — using Next.js with responsive, user-friendly interfaces.
- Collaborating with backend team on Node.js integration to ensure seamless REST API connectivity between frontend and backend systems.
- Engaging in agile code reviews and implementing MQL2 API queries, improving data handling and state management across both projects.

MERN Stack Intern

Jan 2025 – Jul 2025

Apptechies | Mohali, Punjab

- Built secure authentication and authorization systems using MERN stack with OTP verification, JWT auth, and Joi validation for MongoDB schema integrity.
- Developed modular RESTful APIs with scalable controllers and services following MVC architecture and async/await patterns.
- Expanded a Next.js cadre and voter management system, optimizing codebase, UI design, and feature integration to meet growing user demands.

KEY PROJECTS

E-Commerce Web Application (MERN Stack)

Built a full-featured e-commerce platform with MongoDB, Express.js, React, and Node.js. Implemented secure user authentication, high-traffic transaction handling, and a seamless shopping experience.

Resume-builder (React + Node.js + MongoDB + GenAi)

Developed a Resume Builder Platform that enables users to create professional resumes through customizable templates and an intuitive interface. Implemented features such as real-time resume preview, dynamic form handling, and PDF export functionality, providing a seamless and user-friendly experience for job seekers

Cadre & Voter Management System (Next.js + Node.js + SQL)

Developed the backend of a voting management system using Node.js, Express.js, and MySQL2 to manage voter records, candidate information, constituency-wise voting data, and election results. Implemented secure APIs for data processing, vote tracking, and result aggregation, enabling analysis of winning parties, constituency trends, and voter statistics. Optimized database queries and backend workflows to ensure accurate, scalable, and efficient election data management.

AhujaBooks.com (Next.js + Node.js + SQL)

Built a full-stack MERN Book Store application featuring role-based authentication, secure REST APIs, and comprehensive book and user management functionalities. Developed responsive and user-friendly CRUD interfaces, integrated online payment gateways for seamless transactions, and optimized frontend-backend communication to deliver a scalable, secure, and efficient platform.

Gymadvisors.com

Developed a full-stack gym management platform using the MERN stack and Next.js, delivering a responsive and user-friendly interface for members and administrators. Implemented secure authentication, role-based access control, membership management, workout and trainer modules, and dynamic content management. Built scalable REST APIs, optimized database operations, and enhanced application performance to ensure a seamless user experience across devices. Collaborated on both frontend and backend development, focusing on reliability, maintainability, and modern UI/UX practices.

EDUCATION

Bachelor of Vocational — Web Technology & Multimedia

2022 – 2024

SSM College (GNDU)
